

Manufacturing Associate

3Bar Biologics is hiring candidates for temporary daytime employment to help with product assembly and shipping during March and April 2019. You will be working as part of a team on a variety of assembly tasks to produce our new product that is shipping to farmers across the Midwest in advance of the 2019 corn planting season.

3Bar Biologics is a cutting-edge biotech company spinout from The Ohio State University that helps the agricultural value chain optimize their solutions for improving quantity and quality of crop production. We are a fast growing young business so getting involved now on a temporary basis may lead to longer term hiring positions. We are located in the Rev1 building with many other startups at 1275 Kinnear Road, Columbus 43212, on the COTA bus line.

Pay \$15/hr.
