Grow faster, go further, with on-site support and big-time amenities

Your next stage of growth deserves a space that matches your ambition. Developed by Rev1 and supported by the City of Columbus and Downtown Columbus, Inc., Rev1 Ventures at the Peninsula was designed for software and advanced tech companies ready to expand. With flexible lease terms, premium amenities, and proximity to the Rev1 Ventures team, it's the space where growing startups connect with the capital, expertise, and visibility they need to move faster. From collaborative lounges and premium meeting rooms to the prestige of a downtown address, every detail supports your next phase of growth. Join the founders and investors shaping Columbus' future – right here at The Peninsula.

For a limited time: Seed-funded companies can lease space at a competitive base rate. Premium shared amenities – such as tech-enabled conference rooms, window-lined cafés, and comfortable huddle spaces – are included. The flexible lease offering is built for growing companies like yours, so you can stay agile while fulfilling your team's need for a dedicated office suite. There's no personal guarantee required of founders—just an opportunity to grow your company in an inspiring location.

Coworking Lounge: the place everyone wants to be – complete with a coffee bar and fireplace

Prestigious Meeting Spaces: shared conference rooms and event spaces with access to ensuite and full working kitchens

Dedicated Reception and Huddle Spaces: Gather your team and greet your clients in style
